

## Coffee is a matter of taste

YOU may not like fine coffee—there are people who don't. There are people who don't like Mary Pickford.

But, if coffee means more to you than merely a *hot* drink, you'll like the smooth, rich flavor of Schilling's Best.

It is not only good coffee—it is economical.

The price by the pound is the price of good coffee—but there are more cups in a pound. To get best results, follow directions in the airtight tins. You can easily prove its economy.

Schilling's Best is sold through grocers only. It is evenly ground, and then immediately packed in vacuum-sealed tins, which preserve all its prime flavor. You get it all in your coffee cup.

## SOLDIERS EXCHANGING HATS

How well the British fraternize with the new Russian soldiers in France is illustrated in this photograph of a Cold Stream guardman exchanging

his cap for that of a Russian. This photograph was taken in Paris before Russian soldiers, recently sent to France, were moved to the battle line.

## Amusements

What the press agents say about Pendleton's present and coming attractions.

Elbert Hubbard once wrote, "Men whose souls are corroding with care—weighted down with sorrow too great for speech—are often those who set the table in a roar."

It is a fact that the circus clown is often a very serious-minded individual, we are informed by the press agent of John Robinson's Big Shows which will appear in Pendleton afternoon and evening, on June 14.

The press agent says that he has talked with every one of the fifty-one clowns of the John Robinson's Ten Big Shows and that he finds that two of them are taking correspondence school courses in mechanical engineering; one is an omnivorous reader of classic literature; another is a violinist who plays the Debussy concertos in a highly creditable manner; two are splendidly versed in the history of the world, from the day of our Aryan ancestors to the current events of the European war; one is a lawyer who is traveling for his health; one is a clever sign painter; another is a man, who, until he suffered a nervous breakdown, four years ago, was a prominent politician in an eastern state; eight high school graduates, and two have been successful actors. Six are married and one is sending a brother through Cornell University. Only one we are informed, is a clown when he has his "make-up" removed—and then he is just naturally a comedian," says the press agent.

To quote him further: "All of John Robinson's Ten Big Shows' clowns are men of intelligence and all of

them, except the natural comedian I mentioned, talk sensibly and soberly."

**Wife Beaten in Street.**  
CHICAGO, May 19.—Wilbur Salter, who told the natives he was a real estate broker from Oak Park, landed in jail in Chesterton, Ind., recently, after his wife had asked the local police to lock him up on a charge of assault and battery.

Mrs. Salter and several witnesses declared that Salter, strolling down the main street of the town with his three children and beaten them with a short riding whip. On Mrs. Salter's interfering, she said, her husband turned on her.

Bystanders stepped in and Salter was haled away to the town lockup. He failed to find a bondsman and spent the night in jail.

Salter and his family went to Valparaiso, Ind., a few days ago and engaged rooms there. The broker discussed real estate conditions with several business men of Valparaiso and then went to Chesterton, nearby, to "size things up."

SAN FRANCISCO, May 19.—Driving the same Buick automobile which broke the record via the valley route, Joe Nikrent arrived in San Francisco after traveling the 464 miles over the coast route from Los Angeles in 12 hours, 47 minutes and 50 seconds, thus clipping two hours from the previous record. Mr. Nikrent's car has won the Fernando Nelson trophy, which has been contested for since 1914.

Although one-half the distance was traversed through a heavy fog, making the night driving hazardous, no trouble was experienced.

Dittmar gave his age as 36 and the bride confesses to 27 years. The couple will make their home here.

**British to Hide Losses.**  
LONDON, May 19.—Premier Asquith announced in the house of commons that the government has abandoned the usual practice of publishing periodically the figures covering British casualties.

He explained that the figures hereafter would be withheld "for military reasons."

**Students Win Distinction.**  
The school will lose by graduation one of the best set of athletes it has ever had. Perhaps no class has been so distinguished along athletic lines.

Siebert, Fowler, Boylen, Mims and Gordon comprised the last season basketball team and was one of the fastest quintets the school has ever had.

Badley, Russell, Mims, Callison, Fowler, Siebert, Boylen, Friedly and Kerrick were all on last year's football team.

Latourelle, Gordon and Siebert are all star sprinters of the track team.

Boylen and Mims are well known for their long distance endurance, and Mims is famous at hurling the spear.

The class entered the school in 1912 with over a hundred members, but their ranks have been thinned out until 53 remain.

In their freshman year Joe Despain was president and Harold Maloney secretary. In their sophomore year Marcus May was president and Ada Cook was secretary. In their junior year Wilbur Badley was elected president and Lela Cole, secretary. Wilbur Badley was re-elected president and Katherine Thompson secretary.

## Splendid Laxative for Elderly People

HAS BEEN PRESCRIBED BY WELL KNOWN PHYSICIAN FOR MANY YEARS.

The infirmities of age are especially manifest in a tendency to constipation and call for treatment that will afford relief in an easy, natural manner. The rapid action of cathartic remedies and purgatives that shock the system should be avoided, more especially as the relief they offer is only temporary and is usually more than offset by disturbance to the vital organs caused by their violent action.

Nearly thirty years ago Dr. W. B. Caldwell, Monticello, Ill., prescribed a compound of simple laxative herbs that has since become the standard household remedy in thousands of homes. It acts easily and gently, yet with positive effect, without griping or other pain or discomfort. Mrs. Rachel Allen, Galesburg, Kans., is seventy-one years old, and after using a bottle of Dr. Caldwell's Syrup Pepsin wrote that it had done her a world of good and that she intends to keep it in the house always.

MRS. RACHEL ALLEN

Druggists sell Dr. Caldwell's Syrup Pepsin for fifty cents a bottle. It is a splendid remedy and should be in every home. A trial bottle free of charge, can be obtained by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

## Reliable Medicine for Distressing Bronchial Coughs

Hoarseness, Tickling Throat, Severe Coughing, All Go When Foley's Honey and Tar Is Used.

Enquirer writes: "For three years I was troubled with bronchial affection,

Bronchitis too often leaves a severe racking cough that weakens the system and paves the way for such grave diseases as pleurisy and pneumonia. Sometimes there is a nervous hacking, worse on arising and at nightfall, that is especially wearing and should by all means be stopped promptly. FOLEY'S Honey and Tar is exactly suited to these conditions. It directly affects the mucous lining of the throat, clearing it at once of hoarseness, removing the tickling phlegm and stopping the severe racking cough. Coughs usually grow worse at nightfall and prevent the quiet rest so necessary to one weakened by a cold.

was hoarse and sometimes could hardly speak louder than a whisper. Had to entirely give up singing, and coughed constantly from sore throat day and night. I took FOLEY'S Honey and Tar and got relief. This rying the trouble arose again. I bought a bottle, took five doses, and have the remainder in the bottle on my desk now, to take if another attack develops. It is great for bronchial colds and coughs.
